

METALS

WITH THE NAME OF ALLAH, MOST GRACIOUS, MOST MERCIFUL.

Iron is one of the metals that Allah (S.W.T.) has provided for the Benefit of humanity.

Steel is made from iron.

These metals are used to make instruments for farmers, builders and engineers.

They are also used to make weapons for war, such as, guns, swords, etc.

Iron and steel are even used in the making of motor vehicles, Trains, ships, aeroplanes and rockets.

Other benefits of this metal are in the making of bicycle parts, stoves, irons, pots and cutlery.

We read in sura al-hadid (the iron - ch. 57) : verse 25 :-

“... And we did sent down iron, in which is (material for) mighty war, as well as many benefits for mankind...”

Worksheet

1) Allah (S.W.T.) has given us iron from which steel is made.

List two items made for each of the following:-

a) war: _____

b) building: _____

c) farming: _____

2) To whom must we be grateful for iron?
