

FORCE

WITH THE NAME OF ALLAH, MOST GRACIOUS, MOST MERCIFUL.

All the forces, visible and invisible, belong to our Rabb.

We read in Sura Fat-h (ch. 48): verse 7:-

“For to Allah belong the forces of the heavens and the earth; and Allah is exalted in power, full of wisdom.”

We know the two types of forces --- ***good and evil forces.***

The good forces Allah (S.W.T.) refers to in the above verse include the angels, righteous humans and pious jinns.

The evil forces are Shaitan, his tribe of evil jinns and bad human beings.

Shaitan told our Rabb that he will mislead us, i.e., that he will take most of us away from the path of Allah (S.W.T.).

How does Shaitan do this?

He has a way of making us believe that wrong is right, and right is wrong!

He uses the television, advertisements, magazines, films, etc.

Remember, a force, good or evil, can be used to change the direction of people.

The influence of Shaitan and evil people is sometimes invisible. We must learn to be on our guard so that we remain on the right path!

Worksheet

1) To whom do all the forces of the universe belong?

2) What is the purpose of Shaitan?
